

# WYMAN TEEN LEADERSHIP PROGRAM

Wyman enables teens from economically challenged circumstances to lead successful lives and build strong communities. The Wyman Teen Leadership Program (TLP) uses a progressive year-round approach over six years to support healthy teen development, leadership skills, and post-secondary access and persistence. The goals of TLP are to help youth from the St. Louis, MO area be productive in school and work, connect to community and family, and successfully navigate diverse environments. The program begins the summer before teens' ninth grade year and provides consistent support and opportunities through their second year of post-secondary education. [Learn more at http://wymancenter.org/tlp](http://wymancenter.org/tlp).

## Summer Job Opportunities: Leadership & Exploration

All positions are residential and based at Wyman's 280+ acre camp in Eureka, Missouri. We are currently hiring for:

### Group Leaders

Responsibilities include: living in a cabin with small groups of teens, providing daily supervision and support of teens, and creating and facilitating activities throughout the summer.

### Trek Instructors

Responsibilities include: living in a cabin with small groups of teens, leading multiple 4-8 day camping trips, guiding outdoor activities such as hiking and canoeing, and facilitating trek prep sessions.

### Team Leaders

Responsibilities include: being proactive members of seasonal supervisory staff team, providing direct supervision of Group Leaders, overseeing logistics of summer activities, and facilitating leadership and college access programming.

### Teen Supports

Responsibilities include: being proactive members of seasonal supervisory staff team, identifying and addressing teen needs, coaching staff on teen issues, and facilitating leadership and college access programming.
